The above financial report is not complete. The final papers concerning the sale agreement of the Edwards property could not be passed until February 14 which was 14 days after this report had been made up. The Edwards property included in the asset column makes a possible increase of assets to the amount of \$25,000.00, as the following pages in this report will show.

**Sale Agreement of Edwards Property**

It is hereby agreed by and between The Town of Holderness in the County of Grafton and State of New Hampshire, hereinafter called the Owners, and Harold Fowler and Monica Fowler of said Holderness, herein-

after called the Purchasers, which expression shall include their heirs, executors, administrators or assigns that:

The Owner agrees to sell and the Purchasers to buy a certain tract or parcel of land with the buildings thereon, situate in Holderness and bounded and described as follows: Beginning on the northerly side of College Road, so-called, at land owned or occupied by A. D. Barber; thence westerly on said road 1415 feet to the center of the New Lake road, so-called; thence easterly along the center lines of said Lake Road 1026 feet, more or less, to a point in the center of said road opposite or in line with two stone bounds marking the easterly line of H. H. Richardson's land; thence northerly on the line of said Richardson's land about 200 feet to the shore of Squam Lake; thence easterly on the shore of said Lake about 790 feet to land of John S. Perkins marked by a stake and stones; thence by said stake and stones south-westerly and binding on said Perkins land 190.5 feet to the center of said Lake Road; thence same course and binding on said Perkins' land 377 feet to the end of a stone wall; thence on the center of said stone wall and binding on said Perkins' land and land of A. D. Barber 453 feet to the College Road at the bound begun at. Area 16 and 150/1000 acres, more or less. Hereby reserving the right of flowage and drainage to the above described tract heretofore conveyed to the Lake Company and the rights the Public may have in all highways over and upon said tract.

For Owner's title see deed of Charles A. Haskell, Collector of the Town of Holderness for the year Nineteen Hundred and thirty-three, dated February 20, 1936, recorded in Grafton County Records Book 657, Page 260. Under which deed this tract is known as the "Smith Land" except that it is agreed between the Parties to this agreement that the said land contains 16 and 150/1000 acres, more or less. For a more particular description of this tract see deed of Helen E. Smith and Charles W. Smith to Charles F. Edwards dated September 28, 1930, recorded in Grafton County Records Book 559, Page 508.

For this property the Purchasers shall pay the sum of Twenty-five thousand dollars (\$25,000.00) payable within ten (10) years from the date of this instrument, together with interest on unpaid balances at the rate of 5 per cent per annum payable quarterly in advance; first payment of interest shall be due and payable upon the execution and delivery of this agreement; the Purchasers further agree to pay with each quarterly payment of interest the sum of One hundred twenty-five dollars (\$125.) extra, first payment to be due and payable upon the execution and delivery of this agreement, so that Five hundred dollars (\$500.) per year shall be paid besides the interest, which Five hundred dollars (\$500.) shall not apply to the reduction of the principal amount of the purchase price, but shall be payment in lieu of taxes during such period as title to said property shall remain in the Owner.

The Purchasers further agree to invest in new buildings and improvements within three (3) years from the date of this instrument at least Seventy-five hundred dollars (\$7500.); not less than Twenty-five hundred dollars (\$2500.) per year shall be invested and it is further agreed that any such buildings, improvements, alterations, or additions made by the Purchasers to the property or to any other such buildings, improvements, alterations, or additions shall become part of the real estate not subject to removal by the Purchasers and in default of this agreement by the Purchasers the said buildings, improvements, alterations, or additions shall accrue to the Owner.

The Owner hereby agrees to put the buildings on said premises in good and suitable condition as soon as possible at a cost to the Owner of not more than Five thousand dollars (\$5000.), and the Purchasers agree to keep said premises in as good condition as they may be put by the Owner or by the Purchasers, ordinary wear and tear excepted, so long as title to said property remains in said Owner.

It is further agreed that the Purchasers may be entitled to immediate possession of said property, but such possessions shall not interfere with the repairs or improvements to the property to be done by the Owner.

It is also agreed between the Parties that the Owner may grant any easement for the erection and maintenance of poles on said premises for the purpose of telephone or electric lines so long as such easement shall comply with the requirements of the Public Service Commission and shall not work unnecessary hardship upon the Purchasers.

The Purchasers hereby agree to keep the premises insured in the sum of Twenty thousand dollars (\$20,000.) or more payable to the Owner as its interest may appear so long as said Owner shall retain any claim on said premises; in case the said premises shall be destroyed by fire or other unavoidable casualties the Owner shall be entitled to said insurance up to the balance of the purchase price and interest then due.

It is understood and agreed that the Purchasers may assign all their rights and obligations under this agreement to a corporation proposed to be formed under the laws of the State of New Hampshire, the name of which shall be "Holderness Photographic Colony, Inc." and to no other party; but it is also agreed that the Purchasers shall in no way be released from any liability under this agreement by virtue of such assignment.

It is hereby further agreed that if the Purchasers shall default in any of the material terms of this agreement, which default has continued for ten days continuously on written notice to Purchasers at last known address, the agreement shall be null and void; and any deed which may be deposited in escrow or otherwise shall be returned to the Owner.

The Owner agrees to execute a good and sufficient Warranty Deed of the above described premises free from all encumbrances; to place said deed in escrow with the Pemigewasset National Bank of Plymouth, New Hampshire, with complete instructions and authority to deliver the same to the Purchasers upon payment in full of the purchase price, interest, and payments in lieu of taxes as herein provided.

The Purchasers however, hereby agree that in default of this agreement or any part hereof the Pemi-

gewasset National Bank of Plymouth, New Hampshire shall deliver back to the Owner the deed deposited by the Owner.

The undersigned selectmen received authorization to sign the within agreement on behalf of said Owner by reason of vote of said Town taken March 8, 1938.

In witness Whereof the Owner has hereunto caused its name to be set and its seal to be affixed by its selectmen, duly authorized. And the Purchasers have hereunto set their hands and seals to this and to another instrument of like tenor this fourteenth day of February 1939.

## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Holderness, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the fourteenth day of March, 1939, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see if the district will vote to authorize the School Board to sell the True School building.

10. To transact any other business that may legally come before the meeting.

Given under our hands at said Holderness this fourteenth day of February, 1939.

MARY F. PEASE,  
CHRISTINE MARDEN,  
LLOYD D. PERKINS,

School Board.

A true copy of Warrant—Attest:

MARY F. PEASE,

## **Present Enrollment**

The present enrollment at the Bridge School is 29 pupils; 15 of these are transported from the True School neighborhood. Mrs. Elizabeth Bickford is the teacher. The East Holderness School has 21 pupils, and is taught by Evelyn Young. The Carr School has 15 pupils, including 7 transported from the Elm School neighborhood by Norman Smith; and Mrs. Taylor continues as the teacher there. We were obliged to close the Elm School last year because there were too few pupils there to make it worth while to maintain a school.

## **Safety Education**

During the last few years the increased risk of highway travel has called our attention to the need of better education of children to avoid accidents. Not only must highway dangers be avoided, but children must learn to be a little more careful at home, as many accidents occur there. A committee of teachers has been working for some time on an outline of study for teaching habits of safety in New Hampshire schools. This outline, as described in a bulletin recently issued by the state department, is now in use in Holderness schools.

## **Radio in the School**

Each of our schools is taking advantage of the Walter Damrosch programs of orchestra music. These programs have become famous throughout the land and are listened to each week by millions of school children. Of course the radio is as readily available for most pupils in rural sections as for those in the city; and it seems to me very much worth while to allow our young people a chance to hear the best of music and understand how to enjoy it. Mr. Musgrove has been planning and directing this work in the schools.

## **Acknowledgments**

There is not room to mention all people who have assisted us and cooperated in various ways to help in school activities. The Christmas party given by the Holderness School for Boys to the pupils in that sec-

tion of the town deserves special thanks, also the Woman's Club who have provided cod liver oil for our pupils.

### Recommendations for Next Year

In my 1938 report I mentioned the desirability of studying a plan of centralization for Holderness. It would be worth while for a committee to study this question more thoroughly. If the voters at the district meeting could appoint some of their number to investigate and report on this in 1940, it might enable us to understand what other districts about as large as Holderness have been able to do along this line. It would also help us to know what would have to be done here to change to such a system, and we could decide after considering their report whether or not it would be wise to attempt it at this time.

Respectfully submitted,

ALMON W. BUSHNELL,

Superintendent of Schools.

## REPORT OF SCHOOL NURSE

1937-1938

---

Report of medical inspection made by Dr. Samuel Feiner of Ashland:

Pupils examined	61
Defects found:	
Hearing	1
Vision	2
Cardiac	4
Teeth	41
Tonsils	34
Adenoids	3
Glands	31
Speech	1
Visits made to schools by school nurse during year	63
Home visits	78

Days spent in town	18½
Pupils transported to dentist	13
Pupils transported to oculist	1
Visual corrections	2
Tonsillectomies	5

The Holderness Red Cross purchased cod liver oil which was distributed to homes and given to the pupils at school. Undoubtedly it helped make attendance more regular as the pupils had fewer colds.

The Red Cross also made possible two tonsillectomies and one eye correction.

Reports of the pupils' growth are sent home after each weighing. Also eyes are rechecked in mid-winter.

One case of impending deafness was placed under corrective treatment.

Thanks are due all those, both individuals and organizations who have made our health program possible. Especially is our appreciation due the dentists who yearly grant us group appointments at clinics prices by means of which so many more pupils are enabled to have their teeth properly cared for.

Respectfully submitted,

EVA M. NELSON, R. N.,

School Nurse.

# FINAL REPORT OF THE BOARD OF WATER COMMISSIONERS OF THE SQUAM BRIDGE WATER PRECINCT

---

Following instructions issued at a meeting of the voters of the precinct, held on July 26, 1938, the Board consulted Mr. Howard E. Bailey, engineer, regarding the cost of a project which would include a reservoir in the hills to the north of the Holderness Inn, with a subsidiary pumping station at the junction of two small streams, at the point where they join and pass under the road which leads from the State highway to the site of the reservoir.

Mr. Bailey's letter, with estimates, is attached to this report. After conference with him, it was decided that the probable cost of such a project as was outlined at the meeting of the voters, would be as follows:

Reservoir, including a very liberal allowance for contingencies	\$ 4,000.00
Subsidiary well	1,500.00
Motor, pump and pumphouse	850.00
Piping, reservoir to street	\$ 4,550.00
Piping, school to Hillside	5,700.00
Extra cost of crossing Squam River	500.00
	<hr/> \$10,750.00
Engineering and supervision	2,000.00
Legal and extra expenses	400.00
Preliminary investigation	500.00
	<hr/>
Total cost, exclusive of land	\$20,000.00
Add: probable cost of land	500.00
	<hr/>
Total estimated cost, project ending at Hillside	\$20,500.00
Add: If piping were run to Meakin's place	900.00
If piping were run from Meakin's to Cox place	920.00
	<hr/>
Total for system, including Cox place	\$22,320.00

The cost of a system to Hillside is shown separately, inasmuch as some discussion had occurred regarding the advisability of limiting the precinct boundaries so as to end the pipe line at that point.

A list was made of assessed values of properties within the precinct boundaries and, making allowances for probable values of properties located only partly within the precinct, a total valuation for the precinct as originally stated of \$112,305. was arrived at, without including the Edwards place, which is owned by the town.

Inasmuch as the building of the water works was based on the participation of the P. W. A. and a Federal grant of 45% of the total cost of the project, it is apparent that the precinct's share of the cost would amount to approximately 10% of the assessed value within the precinct.

A member of the board consulted with the Pemi-gewasset National Bank and was given to understand that the bank would loan the amount required to pay the precinct's share of the cost of the project, on long term notes, at a rate of 4% interest, provided that \$500. of the principal would be retired each year.

The precinct tax required to extinguish \$500. of principal yearly would be about \$5 per \$1,000 of valuation of property within the precinct for each year, over a period of about twenty-two years, less the excess earnings of the water works.

The cost to operate the water works, per year, was estimated as follows:

Interest, first year	\$ 451.00
Fuel and oil for pump	60.00
Labor	100.00
	<hr/>
Total	\$ 611.00

Operating cost would reduce each year, owing to reducing interest charges. The latter would decrease \$20.00 per year.

On the basis of a charge for water of \$20.00 per year for ten families, a revenue of \$200 would be provided each year and two family users who are on a partial commercial basis would probably contribute \$35.00 each or \$70.00, leaving the difference between \$270.00 and \$611.00 to be made up by the principal users of water for commercial purposes.

The foregoing estimates took no cognizance of any probable increase in the number of users of water. Were as many as five additional users to take water from the precinct, an additional revenue of \$100.00 would be provided, with a corresponding drop in the tax rate of the precinct of \$1.00 per \$1,000 of valuation.

With interest charges reducing yearly and with the probability of nearly all residents within the precinct ultimately becoming users of water, it seemed apparent that the project was financially feasible and that ultimately the precinct would be provided with water at an exceptionally low cost, for with the retirement of all notes, there would be no interest charges and operating costs would be negligible.

The foregoing facts and opinions were presented by a member of the Board at a final meeting of the voters of the precinct, held on August 2, 1938. The voters decided not to proceed with the project, hence this report is presented as a matter of record.

The board approved for payment the following mentioned bills rendered for services in connection with the preliminary investigation:

Howard E. Bailey, engineering services	\$ 107.50
B. F. Smith Co., test borings	184.80
George Plant, test borings	16.57
Howard L. Moore, time lost from regular employment while attending to business of the Board	5.00
A. M. Rand Company, pipe and fittings	8.17
Davie's Garage, hauling drilling equipment	4.00
Robert G. Wakefield, attorney fees	15.00
Harold F. Perkins, record book	1.75
Total	<hr/> \$ 342.79

The Board directed the Treasurer to retain a balance of twenty-five dollars (\$25.00) in the Pemigewasset National Bank, to pay interest and other contingent expenses of closing out the records of the precinct, and to pay all funds in the bank in excess of that amount to the bank, on the principal of the note of the precinct, leaving the balance due on the said note \$367.79, to be paid out of taxes against the precinct.

The report of the Treasurer was read and accepted.

The Board notified the Board of Selectmen of the Town of Holderness to proceed to assess sufficient taxes against the precinct, in the year 1938, to pay all debts of the precinct.

Respectfully submitted,

R. TOLFORD PIPER,  
BOWMAN C. ELLIS ,  
HARRY W. WELCH,

Board of Water Commissioners.
